Nanded Maharashtra

SUMMARY

- Experienced React.js Developer with a strong background in building dynamic and responsive web applications.
- Proficient in developing reusable components, managing state efficiently using hooks and Redux, and integrating RESTful APIs.
- Skilled in optimizing performance and ensuring mobile-friendly, high-quality UI/UX design.
- Adept at collaborating with cross-functional teams, implementing best practices, and staying updated with the latest industry trends.
- Passionate about writing clean, maintainable code and delivering robust software solutions.

EXPERIENCE

Associate Software Engineer

Intware Technology

11/2022 Present Hyderabad, India Company

- Develop and maintain dynamic, responsive web applications using React.js and modern JavaScript frameworks.
- Build reusable components and ensure optimal performance through efficient state management and best coding practices.
- Collaborate with clients and cross-functional teams to gather requirements, provide updates, and deliver solutions that exceed expectations.
- Utilize HTML5 and CSS3 to craft accessible, mobile-friendly, and visually appealing interfaces aligned with modern design standards.
- Integrate and manage RESTful APIs, ensuring smooth data flow between frontend and backend services.

Front End Developer

Redbytes Software

05/2022 10/2022 Aurangabad , India Company

- Develop engaging and responsive user interfaces using HTML5, CSS3, and modern JavaScript frameworks like React.js, incorporating design libraries such as Material-UI, Bootstrap, and Chakra UI for streamlined and consistent styling.
- Leverage component-based architecture to build scalable and maintainable frontend solutions while ensuring seamless integration of third-party UI frameworks to enhance user experience and design flexibility.

Intern Trainee

Redbytes Software

11/2021 04/2022 Aurangabad , India Company

- Utilize HTML5 and CSS3 to craft accessible, mobile-friendly, and visually appealing interfaces aligned with modern design standards.
- Integrate and manage RESTful APIs, ensuring smooth data flow between frontend and backend services.
